Here's What Our Customers Have to Say:

Great Attention to Detail!!!

My daughter's family and I would like to express our sincere appreciation for the project you completed earlier this month. This was not an easy project- the house was over 60 years old and in great need of proper surface preparation and protection. Through his skill in preparing the wood and attention to detail in the actual priming and painting, Dennis achieved what we felt was excellent results which exceeded our expectations. What we liked most about Mr. Williams was not that he was a professional but it was the feeling that we had a trusted family member working at our house. Thank you for having such an excellent team and Dennis. Thank you for a job well done!! — Richard H., Raleigh

Nothing but a perfect, positive experience!!

I have had nothing but a perfect, positive experience with Andy OnCall! Every time I've called them, they've been punctual as far as my appointments were concerned. There's a running joke at my house that I can't break anything that Andy OnCall can't fix! I really like them and I don't feel like I am taken advantage of. They do good quality work for a reasonable price! — Delores M., Raleigh

Excellent job with Bead Board Breakfast Bar

I am thrilled with my new bead board breakfast bar. Dennis arrived exactly on time, priced the job competitively, went to get the right supplies, and was finished by the end of the day! He placed bead board over my existing breakfast bar. I'm very impressed with the quality of workmanship; you can tell that he is an experienced carpenter. Gave excellent suggestions as to how to handle challenging parts of the construction. Very professional service. Cleaned up well after the job. I will definitely use Andy on Call for the rest of my kitchen remodeling needs. —Pam R., Raleigh

Consistently Professional and Timely

I have been using Andy OnCall both at my business and at home for about 2 years. They are very professional, and timely in returning calls, scheduling and getting the work completed. Their follow-through also is very good. I work for educational company and all of our schools in the area, about 6 of them, use Andy OnCall. They do everything from carpentry to electrical work to plumbing to general handyman work for us. In addition to being professional, Andy OnCall really has a personal touch. They are respectful and honest with you about what needs to be done. They are both knowledgeable and cost-effective. On multiple occasions, I have left them the keys to my house and have always been confident that the work will be done well in a timely manner and that they will tell me exactly what they did. —Lauren S. Cary

Fair Estimate, Quality Service, and Thorough Job

My house needed a lot of work done and I got several quotes from different companies. I decided to use Andy OnCall because of their professionalism and because they were the most fair with their estimate. I had a lot of contractors come through my house and Andy OnCall stood out. I trusted them from the beginning to do the work and have access to my house even when I was not there. They replaced the siding and did painting, floor work, sub-floor and crawl space work, as well as power washing. They are very versatile and, if there was something they could not do, they put me in touch with someone who could get the job done and provide the same level of quality service. They screened the people for me if they had not worked with them personally, which I appreciated. I have had a great experience with Andy OnCall. They are good people and they do thorough, quality work. —Chris D., Wake Forest
