Hear our Patients Speak!

“Animal Hospital at Brier Creek is absolutely amazing. From the moment I walked in with our very sick kitten, everyone that worked there showed so much compassion and care. And Dr Goetz was incredible with her care of our kitten trying so hard to help our kitten get to a fast state of health, so we wouldn't have to worry anymore.”

When a doctor treats your pet as if it were her own.. You KNOW you've got the best. That's Dr. Goetz. We are forever grateful for your expertise.”

- M. Jellema, North Raleigh

“I have been bringing my dog to the Animal Hospital at Brier Creek for over 5 years now. The staff is very friendly and my dog actually likes to go see them. Dr. Goetz and Dr. Sarvas keep on top of the newest treatments available and seem very interested in the overall well fare of my dog. I highly recommend them.”

—Julie S.
